

## 45 inches Non Woven Fusible Interlining Professional Sewing Quality

### Our Product Introduction

#### Basic Information

- Place of Origin: Zhejiang, China (Mainland)
- Brand Name: ZHONGQIANG
- Minimum Order Quantity: Negotiation
- Price: Negotiation
- Packaging Details: In rolls, Put each roll into plastic bag
- Delivery Time: 3-10 days
- Payment Terms: T/T
- Supply Ability: 200,000m monthly

#### Product Specification

- Adhesive: Hot Melt
- Color: White
- Durability: High
- Heat Resistance: Up To 150°C
- Ironing: Ironable
- Material: Polyester
- Shrinkage: Low
- Stiffness: Soft
- Thickness: 0.5mm
- Washability: Machine Washable
- Weight: Lightweight
- Width: 45 Inches
- Highlight: **45 inches Non Woven Fusible Interlining, Non Woven Fusible Interlining Sewing, non fusible interlining**

Product Description

Non-Woven Fusible Interlining: Professional Sewing Quality

Fusible interlining, also known as fusible interfacing, is a type of interlining fabric that has an adhesive coating on one side. This adhesive coating can be activated with heat and pressure to bond the interlining to the fabric, creating a secure and permanent attachment.

Parameter	Description
Material	The type of fiber used in the interlining (e.g., polyester, polyamide)
Weight	The weight of the fusible interlining, measured in grams per square meter (gsm)
Fusibility	Indicates the activation method for the adhesive (e.g., heat, steam)
Adhesive Type	The type of adhesive used on the interlining (e.g., thermoplastic)
Width	The width of the fusible interlining fabric, usually measured in inches or centimeters
Color	The color or shade of the fusible interlining fabric, if applicable
Thickness	The thickness of the fusible interlining fabric, often measured in millimeters
Application	The recommended use or application of the fusible interlining (e.g., collars, cuffs, waistbands)
Bonding Time	The recommended duration of heat and pressure application for proper bonding
Care Instructions	Guidelines for washing, ironing, or maintaining the interlined fabric
