Product Description

Heat Resistance Polyester Waistband Interlining Hot Melt Adhesive Minimal Shrinkage

Product Description:

Whether you are a tailor or a garment manufacturer, the Trousers Waistband Interlining is a must-have product in your inventory. It provides excellent support to bottoms waist liner and ensures that your customers are comfortable and confident in the garments they wear.

The Trousers Waistband Interlining comes in rolls of 50 meters each, making it a cost-effective option for businesses of all sizes. Its high heat resistance makes it suitable for use in a variety of climates and ensures that the interlining maintains its shape and structure even after multiple washes.

When it comes to providing support to denim bottoms, the Trousers Waistband Interlining is a reliable and efficient product. Its hot melt adhesive ensures that the interlining stays firmly in place, providing the necessary support to your pants band interlining. The interlining also helps to prevent your waistband from stretching out of shape and keeps your denim bottoms looking crisp and neat.

In summary, the Trousers Waistband Interlining is an essential product for anyone in the garment industry. Its width of 50-52mm makes it perfect for use in trousers waistbands and its hot melt adhesive ensures strong bonding. With its high heat resistance and roll length of 50 meters, it is a cost-effective and long-lasting option for businesses of all sizes. Invest in the Trousers Waistband Interlining today and provide your customers with the support they need for their denim bottoms.

Features:

Product Name: Trousers Waistband Interlining

Shrinkage: Minimal

Denim Bottoms Support

Jeans Hem Strengthening

Legwear Belt Reinforcement

Applications:

Designed to be fusible, this interlining can be easily attached to your trousers using an iron or a press machine, ensuring a secure and long-lasting bond. The interlining is available in black and white colors, making it ideal for a wide range of trousers and other garments. Whether you're a tailor, designer or simply someone who wants to ensure that their trousers look great and last a long time, this product is perfect for you. The ZHONGQIANG Trousers Waistband Interlining is suitable for a variety of occasions and scenarios, including:

Bottoms Waist Liner: The interlining is perfect for reinforcing the waistband of your trousers, ensuring that it stays in place and maintains its shape, even after multiple washes and wears.

Jeans Hem Strengthening: The interlining is also ideal for strengthening the hem of your jeans, preventing it from fraying or tearing and ensuring that your jeans last longer.

Formal Wear: If you're designing or tailoring formal wear, such as suits or dress pants, the interlining can be used to create a structured and professional-looking waistband.

The ZHONGQIANG Trousers Waistband Interlining is made in Zhejiang, China (Mainland) and can be ordered in any quantity. The minimum order quantity can be negotiated, and the price is just 1.3RMB per meter. The interlining is packaged in PE bags and can be delivered within 3-10 days. Payment can be made via T/T, and the supply ability is 10000 meters monthly.

Get the ZHONGQIANG Trousers Waistband Interlining today and ensure that your trousers and other garments look great and last a long time!
